AMENDMENT

Dear Sir:

Reconsideration of the rejections set forth in the Office Action dated May 13, 2002, is respectfully requested in view of the following arguments. Currently, claims 1-12 are pending in this application.

REMARKS

Rejection under 35 U.S.C. 102(e)

Claims 1-4 and 7-12 were rejected under 35 U.S.C. 102(e) as anticipated by Luzeski et al. (U.S. Patent No. 6,301,245). This rejection is respectfully traversed in view of the following arguments.

The Examiner has taken the position that Luzeski teaches "a web server for receiving from a client browser, coupled to the data network, a object-oriented language independent request (JAVA applet) for accessing the resource." (citations omitted).

Applicants respectfully disagree.
